SUBJECT- AUDITING OF SURVEY OF NFSA AND SFSS IN ODISHA FROM 2000 TO 2022

Sir

It is pertinent to mention that from 2000 to 2022 no survey was done to find out the eligible ration card holders under RTI in Odisha.

It is necessary to know that during the audit of the financial transactions made in NFSA AND SFSS IN ODISHA where thousands of crores worth ration is distributed throughout Odisha without verifying the beneficiaries has been pointed out by AG Odisha or not.

Now the central govt and many other state govts have admitted that ration has been distributed to ineligible beneficiaries for vote bank politics and published notification by warning ineligible beneficiaries to surrender their ration cards by December 2022 or else penalty will be charged and full recovery of the amount at the market rate will be done.

As a watchdog of all the financial transactions made from the taxpayer's money because the political parties do not spend from their party funds; it is your duty as AG to safeguard the interest of people of Odisha.

Have you ever raised objection in any of your audit reports regarding non survey of beneficiaries of NFSA AND SFSS from 2000 to 2022 and about distribution of ration and if it is done provide the reference no with date and details of website to access the same.

If objection is not raised and this email is not answered then it will be assumed that financial scandal has been done with your knowledge as the basic foundation of survey is not done but ration is distributed and billed and mandatory requirements of audit is not followed as it is done in discretionary quota allotment of plot during 1995 to 2011.

The necessary parties involved in this ration scam will be booked under Prevention of Corruption Act.

Yours faithfully

Jayanti Das
