Subject- Letter no 9506 dated 28 06 2022 addressed to Shri Gangadhar Sahoo PG regarding my representation dated 07 04 2022.

Sir

It is necessary to mention that you are only capable of forwarding complaint regarding any irregularities to other depts. and never take stock of whether any action has been taken on your forwarding letter or not.

It is also necessary to mention that the chief CSO Cuttack and specifically Collector Cuttack never move an inch from their chair and they give a damn to your forwarding letter although these two officers are directly involved in the irregularities.

Although three months have passed the collector Cuttack has not made any correspondence in any complaints which were forwarded to him from his higher authorities till date.

So as a curative measure these two officers of Cuttack maybe of any rank should be transferred in the first place because of their audacity, disobedience to their superior and encouragement for corruption as remaining silent being fully aware of the crime is also a crime.

Under the circumstances stop the business of forwarding letters to prove your innocence and save those amount of money, time and energy for typing and posting the letters for the benefit of the poor people who survive because of your one Rupee Rice.
